				1	2	3
4	5	6	7	8	9	10
11	12	13	14	15	16	17
18	19	20	21	22	23	24
25	26	27	28	29	30	31

The objects in this picture are identical copies of a double torus that has been cut and flattened into the irregular square sheet at the top left. Texture detail is finer at the edges of this shape than in the interior, reflecting the fact that surfaces of genus 2 or greater have overall negative curvature.
