Stress, relationships, work and money. These are the most common reasons people reach out to the EAP every year. But no matter what issues you’re facing, the EAP is the perfect first step for you or your family members to:

Reduce stress

Some stress can be a good thing, but too much can be debilitating and unhealthy. Counseling, assessments, coaching, apps, meditation practices, online tools and more can help you improve areas that need work.

Handle a life curve ball

Divorce, adoption, losing a loved one, career changes and moving can all interrupt one’s daily life. Counseling, thousands of online tools, coaching and consultations can help you adjust.

Cope after crisis

Mentally processing and coping after a traumatic event generally takes time and expert care. Counseling, education sheets and communication can help when a crisis occurs.

Support and improve relationships

Raising kids, living with others or improving friendships can take guidance and investment. Counseling, videos, tip sheets and advice make this easier. Referrals to credible daycares, assisted living facilities, dog walkers, physicians, etc. can also help.

Focus at work

We all experience feeling a lack of productivity and engagement at work sometimes. Trainings, advice and custom behavioral strategies can help you become more focused.

Lead others

If you supervise people at work, it’s likely you handle difficult things like performance issues, troubled employees, HR law and hard conversations. Dedicated consultants can provide guidance so you can do your job and have less stress.

Navigate the legal system

Handling a landlord, large purchase, estate or even an infraction can be easier with the help of a legal expert and thousands of online templates to put into action.

Reduce debt

Money worries can be minimized with custom action plans developed with a financial expert to save, reduce debt or afford a life desired.

Live a healthy life

Changing behaviors to quit smoking, lose weight, manage a disease or exercise more can be more manageable when broken into baby steps. Coaching, videos, counseling and digital tools can help you start living healthy.
