

A close-up photograph of Studio Ghibli 10,000-year calendar figures. The main figure is a large, grey, round Totoro with large eyes and a prominent nose, sitting on a dark, textured base. To its left is a smaller, white, cat-like figure (San) with pointed ears and a small nose, also sitting on a similar base. Behind the figures is a white, cube-shaped calendar with black text indicating months like 'MAY', 'OCT', 'NOV', and 'SEP'. The background is a warm, out-of-focus orange and yellow gradient.
