Folding the shuttle model

Carefully cut out the model. Scoring the folds makes the shuttle easier to fold. Complete folds on both sides from steps 4 to 7.

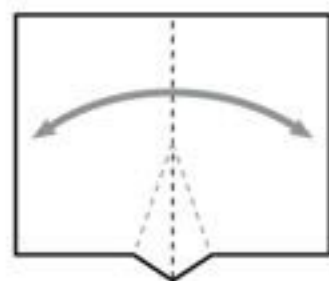

Step 1

Score the fold lines.

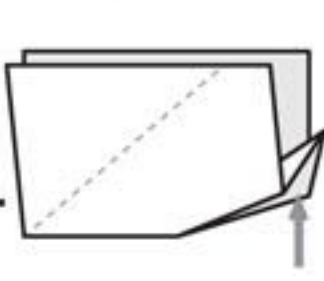

Step 2

Fold model in half, pattern on the inside.

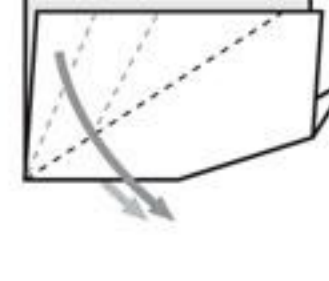

Step 3

Fold tail section in.

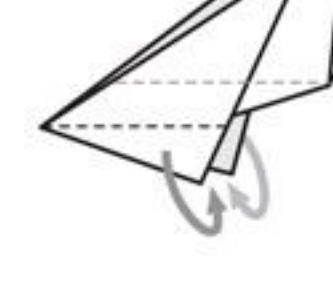

Step 4

Fold down wing flap.

Step 5

Fold under at bottom crease.

Step 6

Fold down wing.

Step 7

Fold up at crease to complete wing.

Tip:
Add small paper clip to nose.
