

Basic Template Settings

Default stylesheet used for events templates

- ☐ Skeleton Styles
Only includes enough css to achieve complex layouts like calendar and week view.
- ☐ Full Styles
More detailed styling, tries to grab styles from your theme.
- ☒ Tribe Events Styles
A fully designed and styled theme for your events pages.

Events template

Default Page Template ▾

Choose a page template to control the appearance of your calendar and event content.

Enable event views

- ☒ List
- ☒ Month
- ☒ Day

You must select at least one view.

Default view

Day ▾

Disable the Event Search Bar

☐

Check this to use the classic header.

Month view events per day

3

Change the default 3 events per day in month view. To impose no limit, you may specify -1. Please note there may be performance issues if you allow too many events per day. [Read more.](#)
