

Enterprise Consulting

Functional Consultant – Finance / Functional Consultant – Manufacturing

PricewaterhouseCoopers is a global leader among Professional service firms. Our Enterprise Consulting practice at PwC Sri Lanka, being a Microsoft Gold Partner and Oracle Diamond Partner is responsible for delivering technology based enterprise solutions for Clients in the Manufacturing, Trading and Service industries. The practice focuses on Enterprise Resource Planning (ERP) Implementation, ERP Maintenance, Post Implementation Reviews and Project Management.

Requirements

- Bachelor's degree in Accounting / Finance or an equivalent certification is mandatory for Finance Consultants
- Bachelor's degree in Computer Science, Business Administration or professional qualification such as British Computer Society (BCS) or Australian Computer Society (ACS)
- A strong accounting background
- Minimum of two years of ERP implementation experience
- Familiarity with Trading, Distribution, Manufacturing and Finance industries
- Experience supporting and training ERP end users
- Strong business analysis skills and attention to detail with proven project management skills
- Excellent communication, presentation and interpersonal skills

Following will be an added advantage:

- Implementation exposure with Microsoft Dynamics NAV (versions 2009 to 2016)
- One full implementation cycle experience in the related functional area

Key areas of work

- Assist in pre-sales support for prospects
- Perform gap analysis based on the business requirement relating to current and proposed solutions
- Create functional specifications and business blueprints
- Design, setup, configure and implement the solution
- Formulate access controls as per the business requirements of the Clients
- Carryout unit/integration/end to end testing on functional scenarios
- Prepare written documentation for projects and provide end - user training
- Manage multiple lifecycle implementations and ensure modular deadlines are completed on time and within budget
