A diagram showing a horizontal line and a vertical line intersecting at a point. The horizontal line is labeled 'x' and the vertical line is labeled 'y'. The lines are black and the background is white. The intersection point is at the center of the image. The horizontal line extends from the left edge to the right edge, and the vertical line extends from the top edge to the bottom edge. The labels 'x' and 'y' are placed near the ends of their respective lines.
