

The screenshot shows the Excel 2010 ribbon with two tabs: 'Excel Calendar - 2010' and 'Excel 2010'. The 'Excel Calendar - 2010' tab is active, displaying a grid of 12 monthly calendars for the year 2010. The months are arranged in a 4x3 grid: January, February, March; April, May, June; July, August, September; and October, November, December. Each calendar shows the days of the week and the dates. The 'Excel 2010' tab is visible below, showing a list of 12 months, each with a corresponding color-coded button.
