St. Patrick's Day

Monday, March 17, 2008

Remember to dress your child in green.

We'll talk all about Irish people, customs, and food.

We'll celebrate with a green snack, and St. Patrick's Day Centers.

End of the year portfolios

Throughout the year I've gathered pictures of our class in action.

I have a portfolio for each child that will contain some sample writing assignments, observations, art work and pictures.

The portfolios will be presented to parents at the end of the school year.

I'll need each parent to send in \$5 to cover the cost of picture printing for their child.

The sooner you can send it in the better.

Thanks for your help
