```java
1
2  public class NullPointer {
3
4      public static void main(String[] args) {
5
6          String a = null;
7          System.out.println(a.length());
8
9      }
10
11 }
```

Problems @ Javadoc 🔍 Declaration 🖥 Console

<terminated> NullPointer [Java Application] /Library/Java/JavaVirtualMachines/jdk1.8.0_112.jdk/Contents/Home/bin/jav

```
Exception in thread "main" java.lang.NullPointerException
        at NullPointer.main(NullPointer.java:7)
```
