Project Schedule Template

Instructions: To follow is the 'Project Schedule Template' which is a required element of the RAMP application. This form will be used in the evaluation of your RAMP grant submission. Please complete the following, being certain to include all project related activities as well as the time required to complete them. Please add/remove activity rows or milestones as required for your project. There are no set number of milestones or activities required for a milestone. However, if the milestones are not sufficiently described, it may affect the evaluation and scoring of the project. If you have any questions about the Project Schedule, please review the "RAMP Application: Development of Milestones and Project Schedules" document or contact the Network Coordinators at ihcrn@jhmi.edu for assistance.

MIL	ESTONE #1: {Insert milestone here and list steps below. Note the	Month	Month	Month									
last	step will be completion of the milestone.}	(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)	(11)	(12)
