

## Monday Start

The image displays a 3D-rendered calendar grid. The main calendar is a large grid with columns labeled MON, TUE, WED, THU, FRI, SAT, and SUN. Each column contains a series of light blue and white blocks, representing days of the week. A smaller, similar calendar grid is visible in the foreground, partially overlapping the main one, showing columns for SUN, MON, TUE, and WED. The overall design is clean and modern, with a light blue and white color scheme.
