

# One Page Blockchain

## Theme Proposal for Distributed Ledger

This slide depicts one pager prospect for blockchain technology implementation. It contains information about project overview, objectives, plan of action, key milestones, project team, past projects, and client testimonials.

### Project Overview

- › (client\_name) wants to built distributed ledger using block chain technology to ensure transparency in company's financial transactions without any manual manipulation
- › Add text here

### Objectives

- › To create a decentralized network with blockchain technology to perform company's sensitive financial transactions
- › To safe guard distributed ledger platform against data theft via cyber attacks
- › Add text here

### Plan of Action

#### Blockchain Ideation

- › Add text here

#### Technical Design & Development

- › Add text here

#### Support & Upgrades

- › Add text here

#### POC Development

- › Add text here

#### Testing & Deployment

- › Add text here

### Key Milestones

#### Estimated Time Required

#### Milestone

### Project Team

Employee Name	Employee Designation	Role & Responsibilities
Andrew Joe	Project Manger	<ul style="list-style-type: none"><li>› Successful execution of project</li><li>› Add text here</li></ul>
Nancy Stella	Blockchain Developer	<ul style="list-style-type: none"><li>› Develop and integrate multiple modules of platform</li><li>› Add text here</li></ul>
Your Text Here	Text Here	<ul style="list-style-type: none"><li>› Text Here</li><li>› Text Here</li></ul>

### Past Projects

- › Successful developed blockchain platform for client to implement "smart contracts"
- › Mention "recent projects" here
- › Add text here

### Client Testimonials

"We required a secure and highly robust platform to perform high stake financial truncations. (company\_name) helped us in developing one. We strongly recommend them for blockchain solutions !"

Director  
(ABC Company)
