

6 ways to

SHARE YOUR DIGITAL MEDIA KIT

for maximum visibility & brand reach

ONLINE PORTFOLIOS

Share your digital media kit link on portfolio platforms like Behance or Dribbble where potential clients may discover your work.

YOUR BLOG

Create a dedicated page on your blog to showcase your digital media kit. Also add the link in your header, footer & sidebar.

EMAIL SIGNATURE

Add a link to your digital media kit in your email signature, making it easily accessible to anyone you communicate with via email.

OUTREACH EMAILS

When reaching out to potential brand partners, include the link to your digital media kit in your email, showcasing your work and achievements.

LINK IN BIO PAGE

Add a link to your digital media kit in your 'link in bio' page, making it easily accessible to anyone browsing your page.

SOCIAL MEDIA PROFILES

Include a link to your digital media kit in your social media profiles. This ensures that potential collaborators can easily find it when they visit your pages.
