

Why is this needed?

* rails g scaffold post title body publish_on:date featured:boolean

```
<%= simple_form_for(@post) do |f| %>  
  <%= f.error_notification %>
```

```
  <div class="form-inputs">  
    <%= f.input :title %>  
    <%= f.input :body %>  
    <%= f.input :publish_on %>  
    <%= f.input :featured %>  
  </div>
```

```
  <div class="form-actions">  
    <%= f.button :submit %>  
  </div>  
<% end %>
```
