

Free Printable ROAD TRIP ACTIVITY PACK

The Great Number Race

(Each player needs his own copy of this number race game mat.)

Place your finger on the zero below and then find a license plate that has a 0 written on it. Move your finger to the one.

Keep it there until you find a 1 written on a different license plate.

Continue moving your finger along the number line in 0-9 order. The first player to reach the finish is the winner.

Road Trip Bingo

How many do you see?

Every time you see one of the things from the graph below, write an X in the column above it. At the end of your trip, look to see what things you saw most and what things you saw least.

Story Starters

Work together to tell a story using one of the beginning written below.

It all started when we were stuck down the back of the car...

When I woke up and looked outside my window I saw the most amazing thing... our tree had grown all night!

One day, I decided to take my pet pig to school...

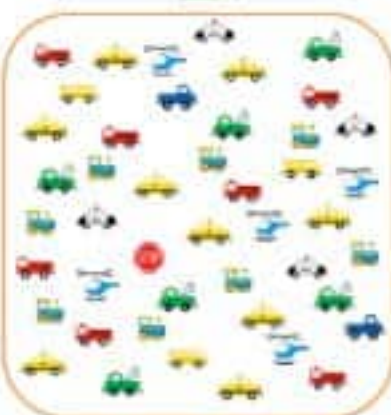

I grew and grew until I was taller than our house. That was a BIG problem! I'm just...

One morning I woke up and noticed that while I was sleeping, I turned PURPLE!
