

A detailed black and white line drawing of an underwater scene. At the top, two clownfish swim towards the right. To their left is a crab. Below the crab is a small fish. In the center, the word "JUNE" is written in large, bold, block letters. To the right of the word is a large, round, ribbed sea urchin. Further right is a fan-like coral. On the far right, another fish is visible. The background is filled with various types of seaweed and coral. At the bottom, there are more sea creatures, including a seahorse on the left, a jellyfish on the right, and several starfish. The entire scene is designed to be a coloring page.
