## Hi, I'm Karlynn...

I'm a busy mom of two, wife & cookbook author who loves creating fast, fresh meals for my little family on the Canadian Prairies. Karlynn Facts: I'm allergic to broccoli. I've never met a cocktail that I didn't like. I would rather burn down my house than clean it. Most of all, I love helping YOU get dinner ready because there's nothing more important than connecting with our loved ones around the dinner table!
