## NPR Host Gets Tips from Antarctica for How to Stay Warm During the Bomb Cyclone

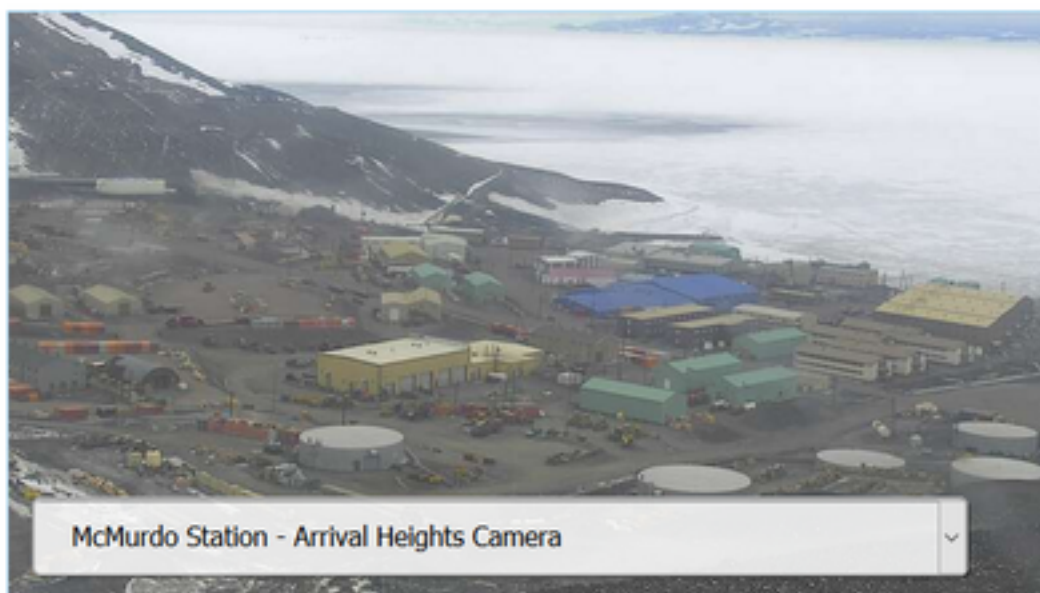

News / Friday January 5, 2018

The "bomb cyclone" has hit the eastern U.S. causing flight cancelations and power outages. On Jan. 5, Keri Nelson, at NSF's Palmer Station, Antarctica, discussed with All Things Considered host Ari Shapiro...

## Program Announcements

MOST RECENT

### Policy Against Harassment Affirmed

The Office of Polar Programs (OPP), which manages the U.S. Antarctic Program, has issued a policy statement that affirms that the program "is committed to providing a safe and respectful work environment, free of any form of harassment."

**MacDonald joins Antarctic Infrastructure and Logistics Section**  
Brian MacDonald has joined OPP's Antarctic Infrastructure and Logistics (AIL) Section as Capital Planning Manager. MacDonald will work closely with AIL experts to implement a long-range capital plan to insure the nation's Antarctic stations continue to support world-leading science well into the future.

### NSF seeks Program Director, Arctic Systems Sciences Program: Applications Due January 29

The NSF is seeking a qualified candidate to fill the position of Program Director for the Arctic Sciences Section (ARCSS) Program in the Office of Polar Programs (OPP), Directorate for Geosciences (GEO) in Alexandria, VA. The Office of Polar Programs is responsible for planning, funding, and implementing scientific research programs in both the Arctic and Antarctic regions.
