

# Gobble, Gobble!

To create this turkey, cut out each portion of the turkey's body. Then, trace onto colored construction paper. You could also purchase "googly eyes" from a craft store. Glue together. Hang on your front door or give it to a special Thanksgiving guest.

Leg Cut 2

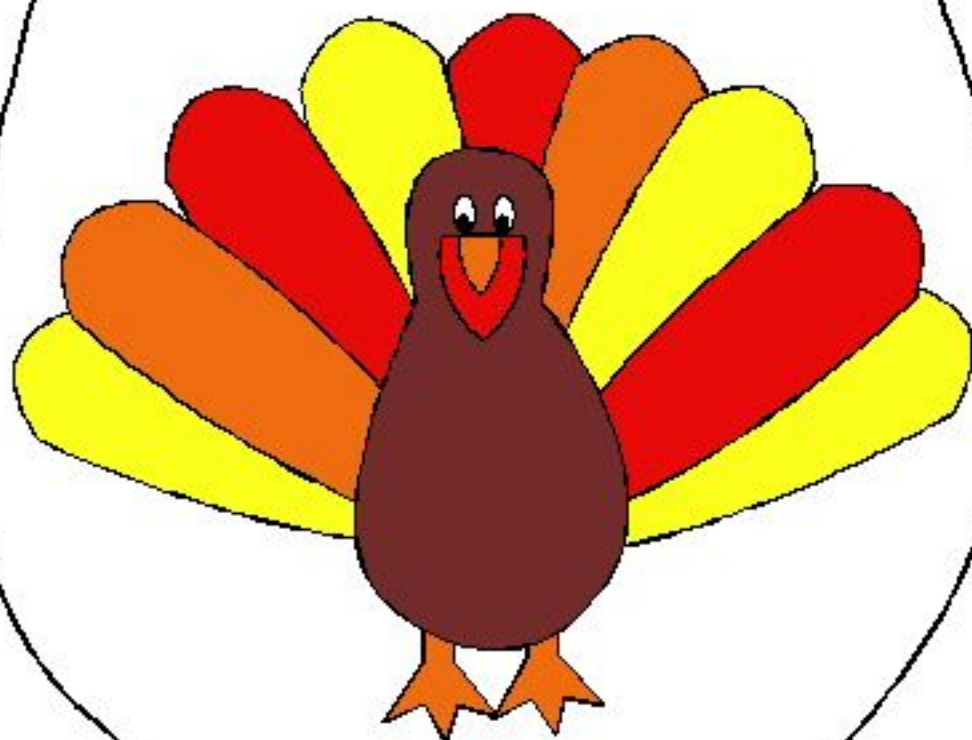

Eyes

Body

Wattle

A fun alternative to using the feather pattern, trace your handprints several times and attach in the same manner.
