Sequence

## Scrambled Sentences

The sentences below are in scrambled order.  
Number them in the correct sequence.

Sequencing means  
putting the events  
of a story in the  
order in which  
they happened.

- |   |                                                                                                                  |   |                                                                                                                                                    |
