

Chapter 25, Problem 058

 Your answer is partially correct. Try again.

The capacitances of the four capacitors shown in the figure are given in terms of a certain quantity  $C$ . If  $C = 60 \mu\text{F}$ , what is the equivalent capacitance **(a)** between points A and B and **(b)** between points A and D?

**(a)** Number   Units 

**(b)** Number   Units
