

A minimalist calendar icon. It features a rectangular frame with a thick black border. At the top, there are four small circles representing binder holes. The word "AUGUST" is written in a bold, sans-serif font across the top section. Below it, the number "09" is displayed in a very large, bold, sans-serif font. The icon is designed to look like a single page from a calendar, with a slight shadow effect on the right side suggesting it's part of a stack.

AUGUST

09
