

Adding and Subtracting Integers Worksheet

Solve the following math problem, locate their answers on the grid, and color each section of the grid according to the design listed.

$$8 + (-23) - (-5)$$

$$= -10$$

$$(-7) + (-12)$$

$$= -19$$

$$(-15) + (-14)$$

$$= -29$$

$$(-7) + (-15) - (-7)$$

$$= -15$$

$$(-2) + 7 + (-30)$$

$$= -25$$

$$7 + (-17) + (-16)$$

$$= -26$$

$$19 + 18 + (-14)$$

$$= 23$$

$$9 + 19 + (-14)$$

$$= 14$$

$$20 + 24 + (-28)$$

$$= 16$$

$$(-9) + (-6) + (-16)$$

$$= -31$$

$$28 + (-27) - (-27)$$

$$= 28$$

$$33 + (-11)$$

$$= 22$$

$$(-43) + 13 - (-6)$$

$$= -21$$

$$(-19) + (-11)$$

$$= -30$$

$$(-5) + (-39) + (-15)$$

$$= -23$$

$$10 + 6 + (-18)$$

$$= -2$$

$$4 + (-10) - (-27)$$

$$= 21$$

$$(-1) + (-15)$$

$$= -16$$

$$21 + (-16) + (-22)$$

$$= -17$$

$$(-33) + 24 - (-14)$$

$$= 5$$
