Callaly and Tampliner are registered trademarks of Calla Lily Personal Care Ltd in the United Kingdom.

Our products are made with 100% organic cotton fibres. Always use the lowest absorbency for your needs, and read and retain the leaflet inside. Using tampons has been associated with Toxic Shock Syndrome (TSS) – a rare but serious illness that can be fatal.

- Regular light to medium flow
- Super medium to heavy flow
- Super + heavy flow

We are proud to be a plastic-free brand.

Tampliners are made from 100% recycled paper.

Learn more about us at www.calla.ly

All Tampliners were invented by a gynaecologist.

For the cotton we use is 100% organic.
