

ROUNDING

decimals

STEP 1:

make a pvc

hundred thousands	ten thousands	thousands	hundreds	tens	ones	decimal	tenths	hundredths	thousandths
						.			

STEP 2:

identify place value being rounded & underline

45.68

STEP 3:

put a box around underlined digit & digit to the right [the boss]

4 OR LESS? LET IT REST!

5 OR MORE? RAISE THE SCORE!

HINT:

digits to the left of the box stay the same & digits to the right of the box turn into zeros
