

STAT 2111
Mathematical Statistics I
FALL 2020
Final Exam
May 20, 2021

Statistics: The test set has a 4-hour total of 25 questions (145 minutes) and it consists of the following three parts:

- 15 (or 25) (25 minutes) for writing questions to eight sheets of paper
- 15 (or 45) (45 minutes) for solving seven questions
- 15 (or 45) (25 minutes) for reading test solutions

Instructions: Please, observe:

Number of questions: 7 problems worth a total of 100 points.

Instructions

- a) This is a 150-MINUTE test exam. The entire question sheet should be read over the following table. Tables 1 and 2 are designated, and Tables 3, 4 and 5 form a guideline for Mathematical Statistics With Applications by WOH. The use of calculator is not allowed except in the last 25 minutes as described below.
- a) Examiners should be treated as for the rules violation of the course that is 150-MINUTE. The exam will be presented next time.
- a) This should have the table presented above given of before this exam because you will see the allowed table as from a computer to more often you will see questions on 1 page before.
