

Through the Year Calendar Headers

Twelve 4x13" month labels to make a fun, bold statement on your classroom calendar.

This is a collection of 12 labels to place above your classroom calendar. These monthly headers feature fun seasonal colors and graphics. They are formatted to print on legal-size paper. Once trimmed, the printed headers measure 4x13". For lasting durability, mount the headers on construction paper and laminate before use.

Coordinating number cards for each month can be purchased in my [Through the Year Calendar Numbers](#) set on Teachers Pay Teachers.
