

PROPORTIONS *of the* FACE

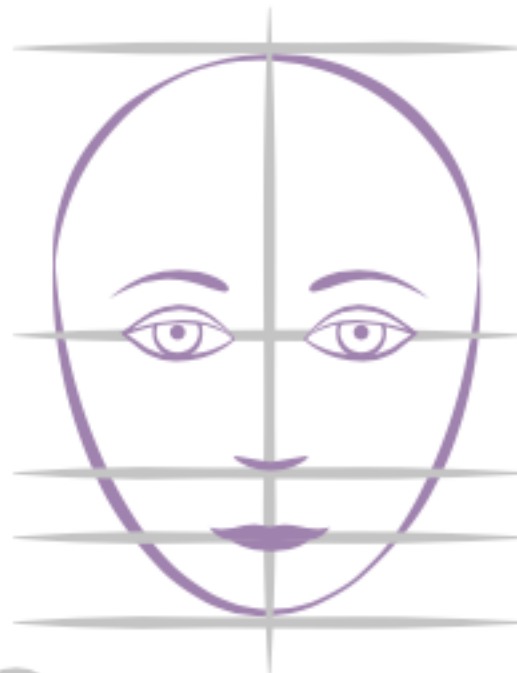

- 1** Start with a circle, then add the chin. Erase the bottom of the circle.

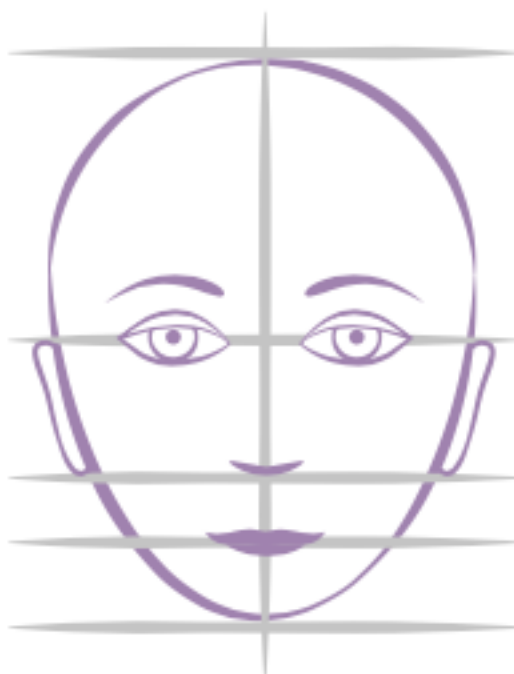

- 2** Line of symmetry
Eye line is halfway up the face.

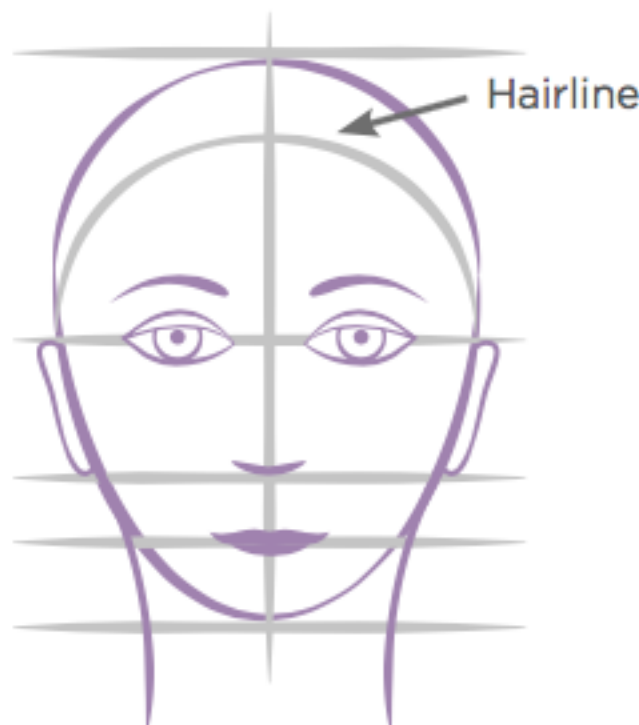

- 3** Nose line is halfway between the chin and eyeline.

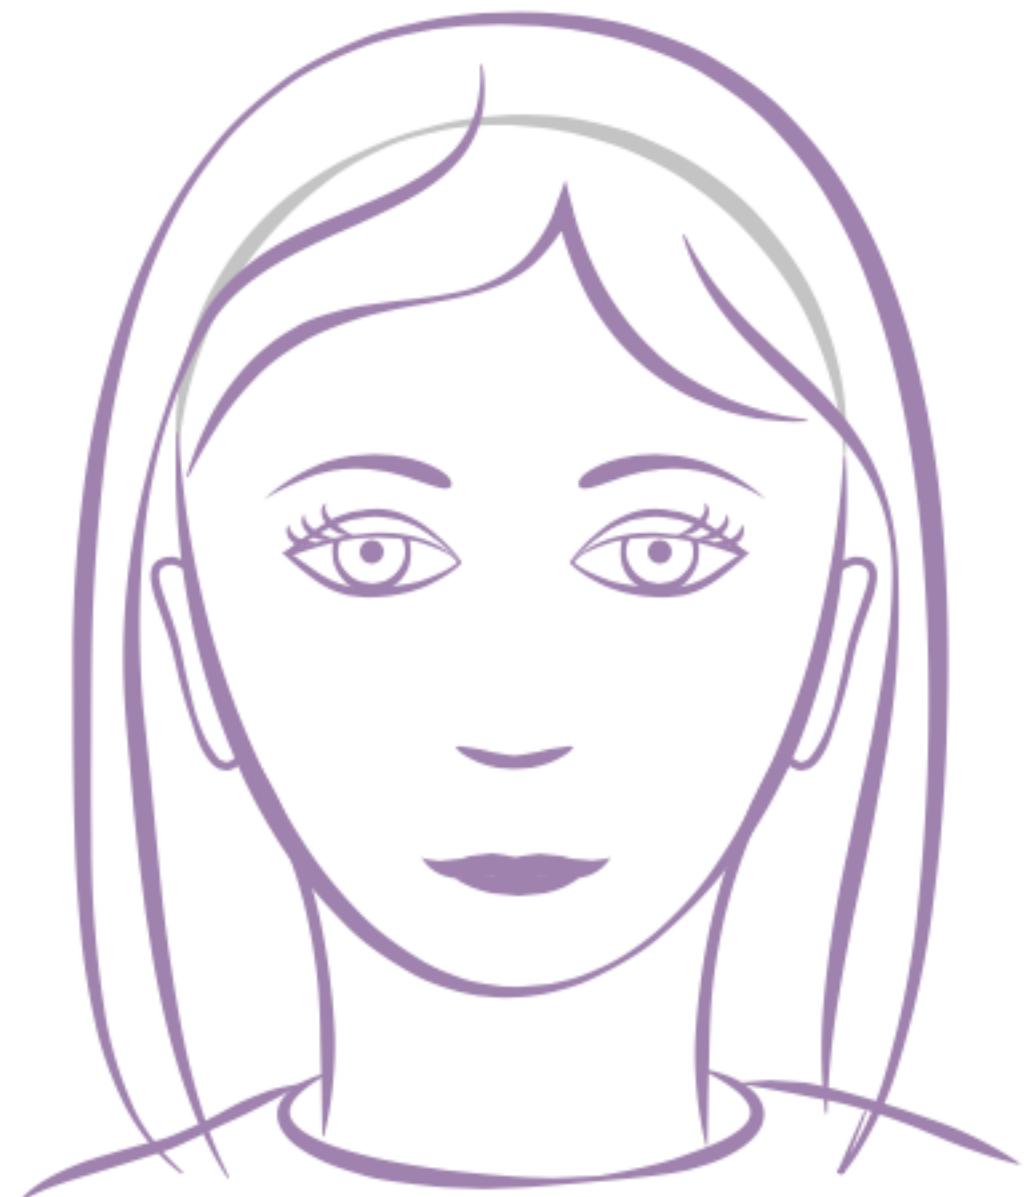

- 4** Eyelids cover the tops of the iris.
Mouth line is halfway between the nose and chin.

- 5** Ears fit between the eye and nose lines.

- 6** Neck starts under the ears.

Shirt curves around the neck.

- 7** Hair is above and below the top of the head.
Look for the shape of the hair. Don't draw every hair.
