

Dear fellow educator,

First of all, you're epic and awesome, and I hope you're having a great day!

I hope this guided resource will help you in navigating the difficult task of teaching students to answer TDA questions on the PSSAs or any other text. In my own classroom, we spend a couple days spreading this work out. We will do parts of it each day, and then usually to assess or prep the students, I will give them a separate TDA prompt to complete on their own in a shorter time period (to mimic testing). This drawn out guided practice is more to just encourage them to take their time with each step of a TDA and not rush through.

Thank you for your purchase, God bless!

Lize Hugo

*Note - I have not included an answer key, as writing has many various answers. However, they do have sample answers of TDA prompt questions that I will often use with my students on the PA SAS portal website! It's a great, and free resource!*
