Courage does not always roar. Sometimes courage is the quiet voice at the end of the day saying "I will try again tomorrow"

Keepsake™

The tattoo script inspired Keepsake font family has five members that can be combined and overlapped to provide a range of creative options. Rich with OpenType features including discretionary and contextual alternate characters and ligatures, and other stylistic alternates, each face includes three options for every capital letter and multiple lowercase options. All five fonts support Latin, Eastern European and Baltic languages. Other features include four decorative elements, and optional old-style figures accessible by supporting application's OpenType menu.
