

put some key
word here to
search the file

The screenshot shows a Windows 10 desktop with a taskbar at the bottom containing icons for VLC media player, Camtasia, Recycle Bin, Ashampoo Burning, and PPSSPP. A search bar is open in the top right corner of the File Explorer window, displaying the search results for 'x86_microsoft.vc80.atl'. A red arrow points from the search bar to the file 'x86_microsoft.vc80.atl' in the search results. Another red arrow points from the search bar to the file 'x86_microsoft.vc80.atl' in the search results. A third red arrow points from the search bar to the file 'x86_microsoft.vc80.atl' in the search results. A fourth red arrow points from the search bar to the file 'x86_microsoft.vc80.atl' in the search results. A fifth red arrow points from the search bar to the file 'x86_microsoft.vc80.atl' in the search results. A sixth red arrow points from the search bar to the file 'x86_microsoft.vc80.atl' in the search results. A seventh red arrow points from the search bar to the file 'x86_microsoft.vc80.atl' in the search results. An error message is displayed in the bottom left corner, stating: 'C:\Windows\WinSxS\x86_microsoft.vc80.atl_1fc8b3b9a1e18e3b_8.0.5072.7.42_none_4c990e4797181a11_Atl80.DLL is either not designed to run on Windows or it contains an error. Try installing the program again using the original installation media or contact your system administrator or the software vendor for support. Error status 0xc0000020.' The error message has a red box around the file path. The taskbar at the bottom shows the time as 03:15 PM on 20-09-2017.
