THIS MONTH

☐ ☐ ☒ ☐ ☐

A 7x7 grid with a light gray background. Each of the 49 cells contains a small red square in its top-left corner. The red squares are arranged in a 7x7 pattern, with each square positioned at the top-left corner of its respective cell. The red squares are small, with a side length of approximately 10% of the cell's side length. The grid lines are thin and gray, separating the 7 columns and 7 rows of cells.
