Markup: Title With Special Characters

Markup: Title With Special Characters ~`!@#$%^&*()-_=+{}[]/;:'"*?,.> Putting special characters in the title should have no adverse effect on the layout or functionality. Special characters in the post title have been known to cause issues with JavaScript when it is minified, especially in the admin when editing the post itself (ie. issues with metaboxes, media upload, [...]

Template: Sticky

📅 January 7, 2012   📂 Uncategorized

This is a sticky post. There are a few things to verify: The sticky post should be distinctly recognizable in some way in comparison to normal posts. You can style the .sticky class if you are using the post_class() function to generate your post classes, which is a best practice. They should show at the very top [...]
