

A vibrant 3D illustration of Mickey Mouse in a construction theme. Mickey is depicted in three different poses: standing on a yellow excavator in the top left, peeking from behind a yellow excavator in the top right, and leaning against the front of a blue and white truck in the bottom right. In the bottom left, Mickey is holding a hammer. He is wearing a yellow hard hat, blue denim overalls over a white shirt, and brown work boots. A brown tool belt with various tools is around his waist. The background is a bright, sunny construction site with a red crane and a blue sky with light clouds.
