

Split Cell

Split Cells Button

Layout tab

The screenshot shows the Microsoft Word interface with the 'Layout' tab selected in the ribbon. The ribbon includes sections for 'Table', 'Rows & Columns', 'Merge', 'Cell Size', 'Alignment', and 'Data'. The 'Split Cells' button is highlighted in the 'Merge' section. A table is displayed in the document area with the following structure:

Column1	Columns2	Column3	Column4
Image	Photo	Picture	Movie
Song	Dance	Music	Serial
TV	Cinema	Theatre	Actor

Arrows indicate the 'Split Cell' label pointing to the 'Photo' cell, the 'Split Cells Button' label pointing to the 'Split Cells' button, and the 'Layout tab' label pointing to the 'Layout' tab in the ribbon.
