

A conceptual illustration for Identity Access Management. A central, glowing teal circle contains the text "IDENTITY ACCESS MANAGEMENT" in bold, dark teal capital letters. A hand with a pointing finger is positioned at the bottom, touching the circle. Five white arrows radiate from the central circle to five circular icons, each containing a white silhouette of a person. The icons are arranged in a circle around the center. The background is a dark teal gradient with faint, repeating "dreamstime" watermarks and spiral patterns.
