Hi I'm Kali Foster, Today *Amazon are going against retailers* because of a source called shop runners Amazon are searching for their most valued costumers retailers are involved because they are being blamed for not receiving what the costumers had asked for I guess Babies' aren't us. In other news *Google is colliding* together with other companies, making Google almost more powerful then Disney I would not want to sue them, also Google is making sure that any child sites will and can have a private page so there won't be any child pornography linking out Thank goodness.

**Warren Buffett is raising taxes but for the good of it well for the very rich people at least he is making it so that our economy will proceed out of this recession. Is the oil spill predicament ever die down BP is borrowing money from European countries for the oil spill I would hope how will they pay them back. Google is on fire or should I say wind their helping an organization called Marubeni to lay cables for the U.S wind farms by investing 1.5 million dollars for underwater transmission network over millions of homes across Virginia, New York and New Jersey by the mid Atlantic coast.**

**In our resources today *IPFW Nurses is training working for Fort Wayne Ind. is being donated \$300,000 dollars. They have needed this money for quite some time. MTUC Malaysian Trades Union Congress to submit memorandum to human resources minister eliminate problems such as poverty and exploitation. Its secretary general G. Rajasekaran said the nine-page memorandum would highlight the deteriorating working conditions* Wow! Google executive Laszlo Bock has also been named the Human Resources Executive of the year you know what good job Google I think they need a round of applause because they are doing something.**

Today previously in Colorado former president Bush had a insurance conference but so did Cheney it's only natural to wonder if they saw each other, if you're living in Texas you're medical files are not safe they are there for everyone
