

# SONGBIRD WARM-UP GAME

## How to play:

1. Print the sheets and cut the exercises out into individual strips.
2. Fold the exercises in half and place them in a box.
3. Have your student reach into the box and pick an exercise to sing (or speak).
4. If a CAT strip is chosen, follow the instructions and choose another exercise to sing.
5. Challenge students with dynamics, tempo and singing exercises unaccompanied.
6. Most importantly - HAVE FUN!

**NOTE:** This game includes exercises from all levels of FULL VOICE Workbooks. Younger students will enjoy the challenge of intermediate exercises and older students will often need review of basic exercises.
