

Columbia Virtual Academy 2025 Registration

CVA is open to any Columbia County student in grades 6 - 12.

Some of our favorite things about CVA!

Students can be part-time with CVA!

Meet Braylen Ferguson. He is heavily involved in local acting and is a part-time CVA and Grovetown Middle School student due to his extensive extracurricular activities. He participates in Chorus at GTMS and takes all other classes with CVA.

Students have flexibility in their day!

Meet Colton Johnson. He is a golfer and part of the Georgia PGA Junior Tour. He travels year-round and is a full-time student with CVA due to the flexibility of the CVA school day.

We also love...

- CVA is staffed by highly-qualified, Columbia County teachers.
- CVA has live online classes and one-on-one teacher support.
- CVA students can still participate in zoned-school activities, including dances, sports, and clubs.

Registration ends January 19, 2024
