Each day you work on this calendar worksheet:

- 1) Find the date on the calendar and draw an X in the box that represents the current day.
- 2) Complete one tulip calendar question below. Color the tulips you have answered.

March, 2024

Write the name of the month on the line above.	How many days in the month of March?	What month was it 2 months ago?	Trace / write today's date in the space above.	Color the boxes of all the days you don't have school.	What day comes after Tuesday?	What season comes after winter?
How many school days are left until your next school holiday?	March 20th is the start of a new season. Which season?	What day of the week was it yesterday?	What month will it be 3 months from now?	How many Mondays are there in March?	What day of the week is the day after tomorrow?	
What day of the week was the day before yesterday?	What day of the week is the 23rd day of the month?	What season will it be 6 months from now?	On what day of the week does the month end?	If tomorrow was Monday, what day was yesterday?
