

Name: _____

Creative Lab

Based on the short descriptions provided below, identify the name of the laboratory equipment being described and draw it on the blank box provided.

I am a laboratory equipment with a flat bottom. I also have a conical body and cylindrical neck. I have a beaded mouth which means that a stopper can be placed into it. Who am I?

I am a laboratory equipment that produces some kind of an invisible field. I can pull materials made of iron, steel, nickel, cobalt, and many more. I can attract or repel my siblings depending on which side I am facing. Who am I?

I am a laboratory equipment with a pear-shaped body. I also have a flat bottom and my neck is elongated yet narrow. Who am I?
