Trademarks

[Product Name] are registered trademarks of [Company]. All other trademarks or registered trademarks are the property of their respective owners.

Disclaimer

The information provided in this document is provided "as is" without warranty of any kind. [Company Name] disclaims all warranties, either express or implied, including the warranties of merchantability and fitness for a particular purpose. In no event shall [Company Name] be liable for any damages whatsoever including direct, indirect, incidental, consequential, loss of business profits or special damages, even if [Company Name] or its suppliers have been advised of the possibility of such damages.

Document Lifetime

[Company Name] may occasionally update online documentation between releases of the related software. Consequently, if this document was not downloaded recently, it may not contain the most up-to-date information. Please refer to [www.\[website\].com](http://www.[website].com) for the most current information.

From the Web site, you may also download and refresh this document if it has been updated, as indicated by a change in this date: [Date].

Where to get help

[Company Name] support, product, and licensing information can be obtained as follows.

Product information — Documentation, release notes, software updates, and information about [Company Name] products, licensing, and service, are at [Company Name] website at:

[http://www.\[website\].com](http://www.[website].com)

Technical support — Go to [http://www.\[website\].com](http://www.[website].com) and select Support. On the Support page, you will see several options, including one for making a service request. Note that to open a service request, you must have a valid support agreement.

Your comments

Your suggestions will help us continue to improve the accuracy, organization, and overall quality of the user publications. Please send your opinion of this document to:

[Documentation@\[Company Name\].com](mailto:Documentation@[Company Name].com)

If you have issues, comments, or questions about specific information or procedures, please include the title and, if available, the part number, the revision, the page numbers, and any other details that will help us locate the subject that you are addressing.

1 Executive Summary

The Feasibility Study conveys the vision, purpose, and requirements of an initiative - the "who", "what", "when", and "why". This document is to be used for projects that need to determine the IT or business solution for an identified business case and covers the effort involved in assessment and planning.

The italicized text in blue is to provide guidance in completing this document and help explain
