ICT Accessibility Regulation

The ICT Accessibility Regulation, which is an update to the Web Page Accessibility Regulation, was approved. <http://policies.ncsu.edu/regulation/reg-04-25-5>
A set of FAQs is being developed to accompany the updated regulation.

Accessibility Training

The group discussed implementing campus-wide training initiatives for staff and faculty tailored to specific technical levels and job requirements. Examples of groups include Web developers, newsletter authors, and course content creators.
