GARFIELD

2023 Calendar

Whether he's gorging on lasagna, bemoaning Mondays, or pranking poor Jon, Garfield knows what he wants out of each day. So, take a page out of the famously sarcastic cat's book and enjoy this daily calendar featuring a full-color Garfield comic strip on every page. There may be just 24 hours in a day, but there's always time for 5 meals, 4 naps, 11 snacks, and plenty of cartoons.
