

Your name: _____

TEXT

Hi there! My name is Eve and I attend St. Mary's school. My school is old outside but very modern inside. There are two floors, a large playground and a small garden. On the ground floor there are the headmaster's office, the school office and the coffee bar.

On the first floor there are many classrooms. There is a library between two classrooms on the left and on the right a small lab. On the second floor, there is the computer room and the music room.

Classes start every day at half past eight and finish at quarter to five in the afternoon. But we don't have classes all the time! We have lunch at the school canteen, which is behind the gym. I'm in the computer club I like History very much, but I prefer Science and Art. My favourite subjects are English and Maths. School sometimes is boring, but I really like my school a lot.

Comprehension: 6

1/Write True or False _____ /1.5
