Projects

Each project is a set of tools to help you achieve something and organise your work.

Templates

Pre-built templates let you start new projects without setting things up from scratch.

Tasks

Create tasks to manage the things you need to do to progress your projects.

People

Invite people to your account so you can collaborate and get things done.

Groups

Categorise people within your account to make finding their projects, tasks & time easy.

Files

View all the files that have been uploaded to projects you're part of.

Payments

View all the payment requests and invoices that are on projects you're part of.

Time

Allocate and record time to see where time is being spent on projects.
