COMPUTER PROGRAMMER

Solutions-driven programmer with a track record of commended performance in modular and object-oriented programming. Well-versed in all phases of the software development lifecycle, with a strong working knowledge of algorithms and data structures. Proven success engineering customized solutions improving business processes, operations and profitability.

Skills include:

- Software Development
- Solutions Deployment
- User Training & Support
- OOAD & RAD
- GUI Design
- Requirements Definition
- Coding & Scripting
- Debugging & Troubleshooting
- Testing & Documentation

TECHNOLOGY SUMMARY

Programming:	Java, C, C++, XML, SQL, HTML, Perl, Visual Basic
Software:	MS Office Suite (Access, Word, Excel, PowerPoint, Project), Oracle
Systems:	Unix, Linux, Windows, Macintosh OS X

PROFESSIONAL EXPERIENCE

ABC COMPANY *(Software firm providing solutions to the banking industry)* -- Sometown, AZ
Programmer / Analyst, 2014 to Present

Create and customize software applications and tools using advanced development and coding techniques. Manage all phases of application design -- from coding and prototyping through system testing, integration and deployment. ***Results:***

- Served as a member of electronic placement project team, developing strategies to ensure compliance with new industry standards for electronic exchange.

- Regarded as a key member of pre-sales team closing large contracts (average of $2.5M annually). Develop custom software solutions that help customers make more informed decisions, improve their use of capital and manage risk more effectively.

- Developed and enhanced programs using Java, C and C++, contributing to solutions that streamlined processes, increased accuracy and lowered costs. Developed back-office application that saved client more than $125K annually.

DEF BANK *(Full-service, regional bank)* -- Sometown, AZ
Programmer, 2010 to 2014

Hired as a full-time programmer following excellent performance as an intern. ***Results:***

- Enhanced DEF Bank reporting subsystem that provided new functionality to reporting functions that were previously unavailable.

- Worked on yearlong project creating interface with core MIDAS system to enable automated report generation. Saved thousands of hours annually while increasing accuracy from less than 90% to 99.9%.

EDUCATION

ABC UNIVERSITY -- Sometown, AZ ● **BS in Information Technology,** Minor in Finance
DEF COMMUNITY COLLEGE -- Sometown, AZ ● **AS in Computer Information Science**
