

# Prime Numbers

**Prime Numbers** are numbers that are divisible by one and themselves. One is not a prime number because it is only divisible by itself.

1			4		6		8	9	10
	12		14	15	16		18		20
21	22		24	25	26	27	28		30
