```
1    Some texty text
2    Oh |so texty
3    Text you shouldn't change
4    Got |text?
```

Multiple lines of text selected (line 2 selected last)

```
1    Some texty text
2    |so texty
3    Text you shouldn't change
4    Got |text?
```

After delete to start of line shortcut used

```
1     text
2    so texty
3    Text you shouldn't change
4    text?
```

Expected behavior
